

FLOOD GUARD

The FLOOD GUARD prevents water / wastewater from pipe of

- * Wastewater drainage systems
- * Basement plumbing

flowing back and causing flooding or damage to equipment and interior furnishings in basements or apartments.

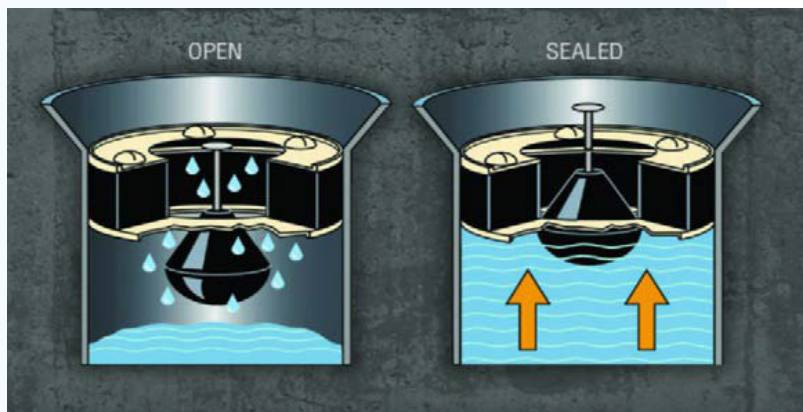

It can be easily and quickly installed within minutes using a hex key wrench.

FLOOD GUARD	TYPE OF TIENPHONG	TYPE OF BINHMINH	TYPE OF AUSTRALIAN
V60	DN60 DN63	DN60	DN50
V75	DN75	-	DN65
